### HOW TO CHECK YOUR TENSION

Before you knit these designs check your tension carefully. Take a pair of No. 11 needles and some Patons Beehive Baby

Wool, Patonised. Cast on 16 stitches and work in stocking stitch—1 row knit; 1 row purl—for 20 rows. Cast off; press lightly on wrong side. The tension should be 8 sts. and 10 rows to one square inch and the knitted square should measure 2 inches each way. If the square is bigger your work is too loose; try a size finer needle. If it is smaller your work is too tight; try a size coarser needle.

If you knit to the correct tension in stocking stitch, you will knit naturally to the correct tension for any stitch in this booklet. If you alter the needles to obtain the correct tension in stocking stitch corresponding alterations must be made to the needles throughout.
